

“Sustainable development of agriculture and ensuring food security in the context of global climate change”

International scientific and practical conference

November 12-13, 2025

“Sustainable development of agriculture and ensuring food security in the context of global climate change”

International scientific and practical conference

We invite all interested academics and researchers to attend the International scientific and practical conference on the topic "Sustainable development of agriculture and ensuring food security in the context of global climate change" to be held on November 12-13, 2025!

Main scientific areas:

1. Issues of sustainable agricultural system development under global climate change conditions;
2. Sustainable forestry, nature and development;
3. The role of science and innovations in ensuring food security;
4. Prevention of soil degradation and plant protection based on innovative agro-technologies;
5. Principles of "green" economy and prospects for sustainable development in agriculture.

Requirements for conference materials and formatting rules:

Articles should be in A4 size with 2 cm margins at the top and bottom, 3 cm on the left, and 1.5 cm on the right. The text should be in Microsoft Word, using the Times New Roman font, size 14, with 1.5 line spacing, and should not exceed 3-5 pages.

The article should include an abstract and keywords, the content of the issues raised, a description of the research methods, results obtained by the author, data, and conclusions should be presented clearly and concisely. You can find a sample article for publication in the conference proceedings at the following link:

(<https://tdau.uz/en/sample-article-publication-request-2/>).

Conference venue and date: November 12-13, 2025,
Tashkent State Agrarian University.

Deadline for article submission: October 20, 2025.

Conference language: Uzbek, Russian, English.

Registration and submission of conference materials

Articles received for the conference will be published in a special issue of the scientific journal “**Bulletin of Agrarian Science of Uzbekistan**,” which is included in the list of the Higher Attestation Commission of the Republic of Uzbekistan.
